HOLIDAY COUNTDOWN BEGINS

23 days until holidays!!

December is the most exciting month of the year, as it brings lots of joy and happiness to millions of families around the world. It is the month to cherish with your family and spend some time with them, which we don't really get to do in our busy lives. We are also getting ready to celebrate holidays with our Bambini Family and are coming up with some exciting events this year.

This year threw a lot at us, but with all your love, patience and understanding, we made it!! Even with having to face so many challenges, we can still count some of the silver linings we had this year.
